INN**

# NECESSARY TEAM INFORMATION

---

Roster: Fax or email a TYPED or PRINTED copy of your roster (the pronunciation form attached preferred) and a contact name and phone number (in case we have questions before you arrive)

Medical Release: **Each team Manager MUST have the required medical release form for each player with him or her.** We have checked with our local hospital and they will accept the Little League Medical Release form for treatment. They will still try to contact the parents but they will not delay treatment for this. If you are using some other form, please make sure that it has all the information required by the Little League form on it. It will also be better for the hospital if each form is notarized, although this is not mandatory.

Little League Headquarters has requested that in addition to the eligibility information, medical release forms and affidavit, it is highly recommended that Intermediate State teams bring current immunization records with them for each manager, coach and player in case our medical staff or local hospital needs them. Please get with your parents to get this information.

Breakfast will be provided for all players, managers and coaches at the hotel each morning between 6:00 AM and 9:30 AM.

Fill out your Team Pairing for Housing Purposes sheet for the housing chairperson (form attached). This form should be immediately emailed or faxed to the Tournament Director.

A local hotel/motel list is provided for families in locating where to stay. **All Teams will be staying at BEST WESTERN INN and QUALITY INN AMERICANA HOTEL.** Additional rooms have been reserved for family members who wish to stay close to their children. Details for team housing are contained later in this information. There is a finite number of rooms reserved for families in this “**Host Hotel**” area so it is important that families make their reservations as early as possible.

**Tournament will be POOL PLAY (4 Team Pools)**

**Brackets will not be posted until the amount of participating teams is determined.**
